

Butler County Community College

ALUMNI ASSOCIATION

Butler County Community College is the place where many students are introduced to the College experience. For some students, BC3 is the place to grow, learn new skills, and return to the job market. For over fifty years, BC3 has been 'The Smart Place to Start' or start over. Four generations of our families have walked these campus corridors. The Alumni Association is BC3's history.

The BC3 Alumni Association was created to preserve the history of the College, improve the College's relationship with alumni and the community, and to advance the mission of Butler County Community College. The Alumni Association serves the College, the alumni, current students, and the community by offering programs, services, and events to provide professional and social networking, while enhancing the connection to Butler County Community College. Please consider becoming a part of a group of people who support BC3 with their time, talents, and treasures.
